Kapilmuni Lilhare

Frontend Developer(React)

PROFESSIONAL SUMMARY

****Result-oriented Frontend Developer**** with expertise in React.js and JavaScript. Skilled at creating responsive, user-friendly interfaces and integrating frontend components with server-side APIs. Known for quick learning of new tech stacks and leveraging Generative AI to enhance development processes.

PROJECTS

1. KFC | |

React | Node.js | CSS3 | Git

- Developed a dynamic and responsive website for KFC using React.
- Enhanced user experience and improved the overall performance of the site.
- Ensured that the website is fully responsive and provides an optimal viewing experience across various devices and screen sizes.

2. BigBasket | |

HTML5 | CSS3 | JavaScript

- Developed an intuitive user interface with HTML, CSS, and JavaScript for an online grocery store.
- Implemented product listing functionality to display various grocery items with details such as images, names, prices, and descriptions.
- Ensured the application is fully responsive and usable across different devices and screen sizes.

3. Bubble Pop Challenge | |

HTML5 | CSS3 | JavaScript | Git

- Developed an interactive bubble game with a simple and intuitive design aimed at children.
- Implemented real-time hit counter, timer, and score display.
- Created a dedicated section for game rules with user-friendly interface and visually appealing elements.
